

Thurs- March 20-69 Spring!

Dear Mr. W:-

'scuse paper- and everything-!! I seem to be immerced in a number of thibgs- but I hasten- to ask for the two books- and am enclosing check for \$6,50 . You have no idea how pleased I was to find that I could get Whitewash no.1 have tried in a number of places but- none was found- (odd?)

We have in Massachusetts- an Inter-Library- Loan plan whereby- we can borrow books from other libraries- (wonderful) so- I finally borrowed the book from Northampton Library- and I have read and read it- furthermore- (for fear I couldn't ever get a copy) I copied the Preface- Conclusion- and Postscript, or whatever the last article you wrote was titled- maybe I should not- but , I did- and I was glad I did- for I can re-read them- while someone else has the book- !!

I am enclosing some clippings- which maybe you don't want- but anyway here they are-

Such a lot of questions that keep cropping up- - who appointed those on the Commission- if the President- who briefed him- ? Think of all the massive work that was done- to contact every single person- and - then have all- as they had decided-, despite all- facts contrary- -- - and all to cover up- crooks, but our beloved President- to get- no concern or nothing- excepting lies- and so slim even a small child would credit/for bit of it-

No need to talk like this- but I am MA D way through-
Thank you sp very much- for the books- and your nice letter- it is swell to- know you-!!

Most sincerely

Pearle Tanner-
(Mrs. H.S.T)
